

What is it?

- an innovative order picker
- working height 5.35 m
- it can complete a full rotation on its axis
- 80.8 cm wide, 150 cm long
- control panel equipped with a large LCD display showing vehicle status, system operating time and battery status via a charge indicator

Why choose Sprint?

EFFICIENT AND VERSATILE

- innovative load deck carries up to 90 kg
- additional material can be loaded on the load deck found on the hood, up to a maximum load of 113 kg
- full battery charge allows the Sprint to run for 28 km
- can move and lift simultaneously
- can easily go through narrow aisles and 80 cm doors

SURE

- travels up to a maximum of 5 km / h, with the travel speed set at 1.2 km / h when lifting
- the hand sensors and dual foot switches on the platform ensure the correct position of the operator when operating the order picker or using the lifting functions
- safer handling of the goods reduces the risk of falling materials

DURABLE

- maintenance-free lifting mast
- high-quality components
- simple yet effective design can be fitted with 100 Ah, 12V AGM batteries that provide a longer work cycle between charges

"The Sprint is an innovative and versatile order picker that increases productivity and efficiency, offering superior safety."

Measurements

A	Platform Height	3350 mm	Unit Weight	660 kg
B	Working Height	5350 mm	Rated Number of Occupants	1
C	Height Stowed	1441 mm	Drive Speed Stowed	5 km/h
D	Platform Length	1500 mm	Drive Speed Elevated	1.2 km/h
E	Platform Width	808 mm	Inside Turning Radius	ZERO
F	Entry Step	356 mm	Outside Turning Radius	1600 mm
G	Platform Capacity	130 kg	Gradeability	max. 2%
I	Load Tray Capacity	90 kg	Power Source	110/220 V ca 24Vcc
H	Load Deck Capacity	113 kg	Batteries	n° 4 - 6V; 245Ah@20h
